

National Cancer Patient Experience Survey

Your chance to tell us about your experience of cancer care in the NHS

This questionnaire is about your experience of NHS cancer care. Your views will help the NHS monitor and improve the quality of cancer services so that they better meet patient needs.

What to do

For each question please cross clearly inside one box using a black or blue pen.

For some questions you will be instructed that you may cross more than one box. Sometimes you will find the box you have crossed has an instruction to go to another question. By following the instructions carefully you will skip questions that do not apply to you.

Don't worry if you make a mistake; simply fill in the box and put a cross in the correct box.

Please **do not** write your name or address anywhere on the questionnaire. There is also an opportunity at the end of the questionnaire to provide your own comments about the cancer care you have received.

If someone else is helping you to complete this survey, please make sure the answers are only about your experiences.

Online option

If you would prefer, you can complete this survey online at www.ncpes.co.uk by entering the code given to you in the letter we sent you with this questionnaire. If you have any problems contact the Freephone helpline (see number below).

Consent

By completing and returning this questionnaire you are agreeing:

- **for the information you provide, and the information from the NHS Trust, to be used to carry out the survey, and**
- **that your personal information can be held and used by NHS England and organisations acting under its instructions.**

The letter sent to you with this questionnaire includes how your information is used, or go to www.ncpes.co.uk/faq/.

You can call the Picker Freephone helpline on 0800 103 2804 (9am to 5pm Monday to Friday) and we will do our best to help you. There is an answerphone at all times and someone will get back to you as soon as possible.

Taking part in this survey is voluntary
